

TransEsperance - Trial Bus Service Feedback

Have your say on the proposed service changes in Esperance.

Provide your feedback before 5.00pm Friday 6 May to:

email: communityconsultation@pta.wa.gov.au

post: TransRegional

PO Box 8467

Perth Business Centre WA 6849

We are seeking community feedback on a new bus service trial in Esperance, improving public transport access to the town centre and surrounding suburbs.

The service would include the following three new bus services, which would operate three trips per route from Monday to Friday:

- Route 810 between Nuslen and Esperance
- Route 811 between Castletown and Esperance
- Route 812 between West Beach and Esperance.

The trial would run for a period of 12 months.

Visit mysaytransport.wa.gov.au for full details.

What will happen next?

Following the completion of community consultation, all responses will be considered and a decision will be made about the future of the affected routes. Any changes will be advertised on the TransRegional website and by the Shire of Esperance.

Scan the QR code to complete the survey online.
